**Description**

The ZEUS SMOOTH wall spotlight combines linear design with functional flexibility for outdoor use. A special feature is the integrated switch, which can be used to switch the light output from one side to two sides. This allows the luminaire to be easily adapted to different architectural styles and lighting requirements.

Made of robust, black powder-coated aluminium and IP65 certified, the ZEUS SMOOTH is optimally protected against the elements. The LED control gear integrated into the housing enables easy installation and ensures maximum efficiency.
